

# Tech Data - LUBRI-CLEAN

**LUBRI-CLEAN POLYURETHANE CLEANER** is a multi-purpose cleaning agent used to dissolve uncured or fresh polyurethane foam. **LUBRI-CLEAN** is used for cleaning and lubricating the one component polyurethane foam guns, as well as for general cleaning purposes such as tools and work surfaces.

**LUBRI-CLEAN** cans are pre-pressurized and feature a unique dispensing valve which allows the product to be dispensed in the inverted position with virtually no wasting of the product. This dispensing valve tip is removable and remains with the can attached to a plastic holder.

**LUBRI-CLEAN** cleaner has a very small amount of oil in the formulation which aids in the lubrication in the dispensing foam guns and easier removal of the empty polyurethane foam cans.

**REMEMBER:** Always keep a partially full can of foam on the gun.

**WARNING:** This product is extremely flammable. Never use near open flame, sparks, heat sources or other potential sources of ignition. Please wear impervious gloves, eye protection, and protective clothing when using.

Shake cans well before using.

Store in a cool, dry area that does not exceed **49°C**.

**KEEP OUT OF REACH OF CHILDREN.**
