1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

Product identifier:

Trade name: **SIGA- Majvest**

Relevant identified uses of the substance or mixture and uses advised against:

Application of the substance / the preparation:

Facade membrane

Details of the supplier of the safety data sheet:

Manufacturer/Supplier:

**SIGA Cover, Inc.
8001 Irvine Center Drive
Suite 400
Irvine
California 92618
USA**

Information department:

E-Mail: technics@sigacover.com

Emergency telephone number:

Tel. 1-855-733-7442 (while office-time)

2. HAZARDS IDENTIFICATION

Classification of the substance or mixture:

The product is not classified according to the Globally Harmonized System (GHS).

Classification according to Directive 67/548/EEC or Directive 1999/45/EC:

Not applicable

Information concerning particular hazards for human and environment:

The product does not have to be labelled due to the calculation procedure of international guidelines.

Classification system:

The classification was made according to the latest editions of international substances lists, and expanded upon from company and literature data.

Label elements:

GHS label elements:

Void

Hazard pictograms:

Void

Signal word:

Void

Hazard statements:

Void

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical characterization:	Mixtures
Description:	Flexible composite material made of polypropylene PP
Dangerous components:	Void

4. FIRST AID MEASURES

Description of first aid measures:

General information:	No special measures required.
After inhalation:	If breathed in, move to fresh air .If not breathing, give artificial respiration. Consult a physician. If affected are exposed to fumes from overheating or combustion, then bring victim to fresh air. If breathing is irregular or if respiratory arrest occurs, then administer artificial respiration.
After skin contact:	Do not pull solidified product away from the skin. When molten polymer applied to the skin, cool rapidly with water. Can cause burns. Then medical treatment.
After eye contact:	This product is an inert substance. If parts gets into the eyes, remove as usual for foreign bodies.
After swallowing:	If symptoms persist consult doctor.
<u>Information for doctor:</u> Most important symptoms and effects both acute and delayed:	No further relevant information available.
Indication of any immediate medical attention and special treatment needed:	No further relevant information available.

5. FIREFIGHTING MEASURES

<u>Extinguishing media:</u> Suitable extinguishing agents:	CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Extinguish fire by cooling with water spray.
For safety reasons unsuitable extinguishing agents:	Water with full jet.
Special hazards arising from the substance or mixture:	Carbon Monoxide and Carbondioxide Nitrogen oxides (NOx) Combustible product, melted in the heat. Smoke.
<u>Advise for firefighters:</u> Protective equipment:	Condense escaping vapors with water spray.
Additional information:	Cool endangered receptacles with water spray. Dispose of fire debris and contaminated fire fighting water in accordance with official regulations.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:	Particular danger of slipping from lying foil on the floor.
Environmental precautions:	Do not allow product to reach sewage system or any water course.
Methods and material for containment and cleaning up:	Send for recovery or disposal in suitable receptacles. Pick up mechanically.
Reference to other sections:	No dangerous substances are released. See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7. HANDLING AND STORAGE

Precautions for safe handling:	Upon heating of the product: Provide adequate ventilation of the workplace. In certain cases use appropriate local exhaust ventilation at workplace.
Information about protection against explosions and fires:	Protect against electrostatic charges.
<u>Conditions for safe storage, including any incompatibilities:</u> <u>Storage:</u>

and receptacles:

Store in a cool location.
Storage on pallets in dry and closed rooms with a solid surface.
Loose roles stacked in containers, racks or secured by wedges.
Pallets with lying rolls should not be stacked.
Products stacked in cardboard boxes up to 5.5 m height.

Information about storage in one
common storage facility:

Protect from heat and direct sunlight.
Store in dry conditions.

Further information about storage
conditions:**Ambient temperature**

Specific end use(s):

Transport: On pallets in truck or wagon at ambient temperature.
Loading and unloading temperature: ambient temperature

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Additional information about design of
technical systems:**Use appropriate local exhaust ventilation.**Control parameters:Components with limit values that
require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

Additional information:

The lists that were valid during the creation were used as basis.

Exposure controls:Personal protective equipment:General protective and hygienic
measures:**Wash hands before breaks and at the end of work.**

Breathing equipment:

Not necessary.

Eye protection:

Face protection

Body protection:

Protective work clothing

Chemical stability:

Thermal decomposition / conditions to be avoided:

To avoid thermal decomposition do not overheat. No decomposition if used according to specifications. Temperatures > 300 °C and exposure to the sunlight or UV-light can lead to decomposition of the polymers.

Possibility of hazardous reactions:

No dangerous reactions known.

Conditions to avoid:

No further relevant information available.

Incompatible materials:

Strong oxidizing agent, strong bases.

Hazardous decomposition products:

**Carbon monoxide and carbon dioxide
Acrolein, tetrahydrofuran, aldehydes, ketones.****11. TOXICOLOGICAL INFORMATION****Information on toxicological effects:****Acute toxicity, Primary irritant effect:**LD/LC50 values that are relevant for classification:

9003-07-0 Polypropylen:

Oral LD50 ca 0.01 lb/lb (ca 5000 mg/kg) (rat)Primary irritant effect:

on the skin:

Contact with the hot product may cause burns.

on the eye:

Mechanical irritation by particles.

By inhalation:

Low health risk at normal ambient temperatures. When exposed to high temperatures, it may produce vapors and/or aerosol, which irritate the eyes and respiratory tract.

Sensitization:

No sensitizing effects known.

Additional toxicological information:

**The product is not subject to classification according to internally approved calculation methods for preparations:
When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.**

NTP (National Toxicology Program):

None of the ingredients is listed.**12. ECOLOGICAL INFORMATION**Toxicity:

Aquatic toxicity:

No further relevant information available.

Persistence and degradability:

Not easily biodegradable
